

## Training Sessions and Topics from OES

The sessions and topics listed below represent only some of what we can offer for training on or off-site to add value to your independent school program. We do not work with a “one size fits all” approach or with a lecture-heavy style. Call or email Jackie to start the collaborative process today; tell us what you need, and then let us do the tedious work of planning and delivering your faculty, staff, or student leader training!

### Faculty and Staff

- “Living with the Kids” Residential Life training for your newest faculty or staff.
- “Balance in Boarding” Workshop to help faculty and staff avoid burnout.
